## SATTERLEE HOSPITAL

## REENACTMENT

By **Dick Dretsch**, UCHS Board Member

If all goes as planned, the fall of 2006 will see the first **Satterlee General Hospital Encampment** honoring the **Civil War** hospital, at that time the largest hospital in America, that occupied the area north of **Baltimore Avenue** and what is now **Clark Park**. See [www.uchs.net](http://www.uchs.net) "**Satterlee, a Civil War**

**Hospital**" for maps and general information.

This encampment/reenactment will include medical tents, surgeons, hospital staff as well as soldiers and families recreating a Civil War field hospital. This is a very different reenactment from the more common battleground reenactment because it will celebrate all aspects of the Civil War, both its military and civilian dimensions. One might look at it as a window into the "**E.R.**" or "**M.A.S.H.**" of its day. There will be demonstrations of surgical tools, operating and nursing environments, families at site visiting and taking care of their loved ones and soldiers running the hospital as well as troops giving demonstrations as they are encamped at the site. There might be campfire songs, poetry readings and even a re-creation of an early baseball game between regiments for visitors to cheer.

This project is in the early planning stages and we hope to reach out to many other partners for the project. Those who would like to volunteer to help should leave a message for me at [info@uchs.net](mailto:info@uchs.net) or (215) 387-3019.

## A CALL FOR NOMINATIONS

for this year's recipients of **UCHS Outstanding Preservation Awards** and the **Preservation Initiative Award**. The first of these are presented to those properties, their owners and those responsible for works of outstanding exterior preservation and/or restoration during the year 2005. These can be institutional or commercial properties or residential or investment properties. Suggestions should be forwarded to **UCHS, P.O. ## PRESERVATION CRISIS, TOO

*In the wake of Hurricane Katrina, our immediate thoughts and efforts must be directed toward those whose lives are still at risk. But it is not too early to begin planning the massive effort that will be required to restore the hard-hit communities of the Gulf Coast. This effort will necessarily involve billions of private and public dollars, both from the United States and abroad.*

– *Richard Moe, President, National Trust for Historic Preservation*

UCHS supports the National Trust's efforts to insure that the architectural heritage of **New Orleans** and the **Gulf Coast** is not lost forever in the rush to rebuild after this season's devastating hurricanes. The historic vernacular architecture of the region is part of what makes the area so unique, and is integral to the communities that live there. To aid in these preservation efforts, UCHS will match members' donations to the **National Trust's Hurricane Katrina Relief Fund** up to a total of \$2500. Simply make a donation before December

15, online at [www.nationaltrust.org](http://www.nationaltrust.org) or by mail to **National Trust for Historic Preservation, 1785 Massachusetts Ave., NW, Washington, DC 20036-2117**. Then send a copy of your receipt or cancelled check to **UCHS at info@uchs.net or PO Box 31927, Philadelphia PA 19104**. UCHS will make a matching donation to the fund.

## KIRK & NICE DISPLAYS

University City's **Eva Brothers**, whose family are long-time residents of **Spruce Hill**, has organized a number of events for **Kirk and Nice Funeral Home**, the oldest in the United States. On Thursday, Nov. 3 at 7:00 p.m., **Kirk and Nice in Plymouth Meeting** will host **Ms. Jane Peters-Estes**, speaking on "**Grave Matters**," a look at Victorian mourning customs. Admission is free and includes refreshments. **R.S.V.P. (610) 832-2064** or [evabros@aol.com](mailto:evabros@aol.com)

## HOLIDAY HOUSE TOURING

For those who need a house tour "fix" during the holidays, consider **Historic Harrisburg Association's 32<sup>nd</sup> Annual Candlelight House Tour, "A Bellevue Fantasy"** on Sunday, December 11, 2005 from 1 PM – 6 PM, Admission: \$15.

Tour homes in an area that reflects the genius of two of America's pioneer advocates for urban beautification and landscape conservation: **J. Horace McFarland** and **Warren H. Manning**. Homes in **Bellevue Park** were either individually commissioned or built by contractor-developers on speculation along a contoured terrain, winding streets, and well-established landscaping. The resulting effect is one of placid beauty in the midst of the hustle and bustle of a busy urban center.

Carriage rides and carolers, cookies and cocoa

will enhance your experience of one of Harrisburg's most refined neighborhoods decked out in its holiday best. For additional information, go to [www.historicharrisburg.com](http://www.historicharrisburg.com).
